Title 18 U.S.C. 3565 (b) and 3583(g) have been amended by way of Public Law 107-273, Section 2103. Effective November 2, 2002, testing positive for illegal substances more than three times over the course of one year requires mandatory revocation of the supervision term. The amendment leaves undisturbed the provisions of 18 U.S.C. §§ 3563(e) and 3583(d) that allow the court to consider "whether the availability of appropriate substance abuse treatment programs, or an individual's current or past participation in such programs, warrants an exception in accordance with United States Sentencing Commission guidelines from the rule of sections 3565(b) and 3583(g) when considering any action against a defendant who fails a drug test." This appears to allow the court to consider treatment in lieu of revocation.

U.S. PROBATION OFFICER ACTION

Moise has admitted to using cocaine on before December 8, 2007. As a result of his cocaine use, we have again increased urinalysis testing and have placed Moise in outpatient substance abuse treatment at TRI Center in Manhattan. We have also warned the offender that this type of behavior will not be tolerated and may lead to violation action.

SUMMARY OF COMPLIANCE WITH SUPERVISION CONDITIONS

This is the second instance of illegal drug use by Moise while on supervision. On May 8, 2007, Moise submitted a urinalysis test that yielded a positive result for cocaine. Your Honor was notified of same in a report dated May 31, 2007 and Moise was placed in outpatient substance abuse treatment at Daytop in Manhattan. He generally attended the previous program at Daytop and was eventually discharged. Despite his recent drug use, Moise has reported as directed and provided all requested documentation to the Probation Officer. He maintains a stable residence with his family in Rockland County and is gainfully employed. Furthermore, there has been no new arrests.

RECOMMENDATION AND JUSTIFICATION

We have advised Moise that any further drug use will result in the submission of a violation petition to the Court. Noting that he is generally in compliance with the other conditions of supervision, we are respectfully recommending that he be continued on supervision, with increased urinalysis testing and attendance in an outpatient substance abuse treatment program. In event he continues to use illicit substances or fails to attend treatment, we will immediately submit a violation petition to the Court. Finally, we apologize to the Court for the tardiness of this report.

I declare under penalty of perjury that the foregoing is true and correct. (Supporting documentation is attached)

Respectfully submitted,

Chris J. Stanton
Chief U.S. Probation Officer
